Zarrin Ghazal Co. Producer of Daity ice cream & Dairy

The company started production of ice cream in 2005 and dairy products in 2008. At the present time, the company is capable of producing over 300 tons of ice cream and 500 tons of dairy products per day. The staff of 1700 are working for the company.

The company is established in an area of 10 hectares with a superstructure area of over 70000 SQ/M. The number of staffs working in branches, exclusive and non-exclusive agencies, contractors and distribution networks (suburban and urban) is spread over 3000 people. In a short course of time, Daity products have been able to achieve popularity and success in gaining quality standards such as standard of ISIRI (institute of standard of Islamic republic of Iran), standard of quality management (Iso 9001 - 2008), (Iso 22000 - 2005), standard of HACCP, Halal sign, Title of "the best dairy production unit in Fars in 2008", granted from the department of supervision of food, beverage, cosmetics and health, competency certificate of colleague lab (by ISIRI), and also acquired a token of appreciation for outstanding entrepreneurship in Iran, the golden token for marketing management in Iran food industry, golden token of consumer rights, winner of national exporter awards.

One of the outstanding features of Daity products is the very high quality of raw materials and milk consumed in the production of such products. With respect to the fact that animal breeding unit is under the control and possession of the company, it plays a remarkable role in the quality of the final products. Daity products have another feature of not using preservatives. Daity products has also made attempts to attract satisfaction of consumers with respect to their health by acquiring ISIRI sign & Halal sign.
